

I WILL BRING PEACE TO THE WORLD BY: being honest with my words and actions... being helpful to others and being careful of others too!helping others and being kind to others... respecting other people and listening to others and helping others with things like worksheets and reading and math...doing good things for the earth and no hitting... doing nature and being nice to the earth and recycle too... by planting a tree, cleaning up the world, and the animals, and the humans... trying to help earth... recycling and forgiveness...I am for being nice....

Merry Christmas and Happy 2010!! The promises for peace in the world came from the second graders in the Park City Holy Cross Ministries Afterschool Program.
